

# Reiki Benefits

- Relieves anxiety and reduces stress
- Pain management
- Accelerate healing after an injury or surgery
- Strengthen immune system
- Reduce emotional problems due to trauma, anxiety, fear

Reiki can be performed hands on or remotely which respects the dog's need for space.

Reiki is offered allowing the dog to direct the session. This creates trust and comfort which helps to reduce stress.

Reiki can help the healing process after surgery, injury or illness or it can ease chronic conditions such as arthritis.

Reiki works on both a mental and physical level so it's good for stress reduction. This can benefit newly adopted dogs or dog's that suffer from generalized anxiety.

Reiki balances the energy in the body which promotes a sense of well-being. This can benefit dog's of all ages.
