ABOUT US

All About Dogs began in 2005 when owner Deanna Cejer couldn't stand leaving her puppy, Montana, behind when she went to work. She decided to open a business where she could bring Montana along. All About Dogs started at 6,000 square feet, and expanded in size and services over the years to meet the needs of our guests. We now stand at 17,500 square feet and continue to grow. All About Dogs was founded by a dog lover, and is staffed by dog lovers. We treat every dog that comes through our doors as if they were our own. We set the standard for exceptional pet services in Northeast Ohio!

your dog can burn off his/her extra energy! Our dedicated and knowledgeable staff members take the time to learn each dog's needs and unique personalities. Our daycare guests are always supervised in separate large-breed and small-breed indoor and outdoor play areas. There is an application process including a temperament evaluation to enroll your dog in daycare. We offer full-day and half-day sessions Monday – Saturday to fit your busy schedule.
